classes are pleasure

mixed with hard work,

returning from daydreams

with an unpleasant jerk.

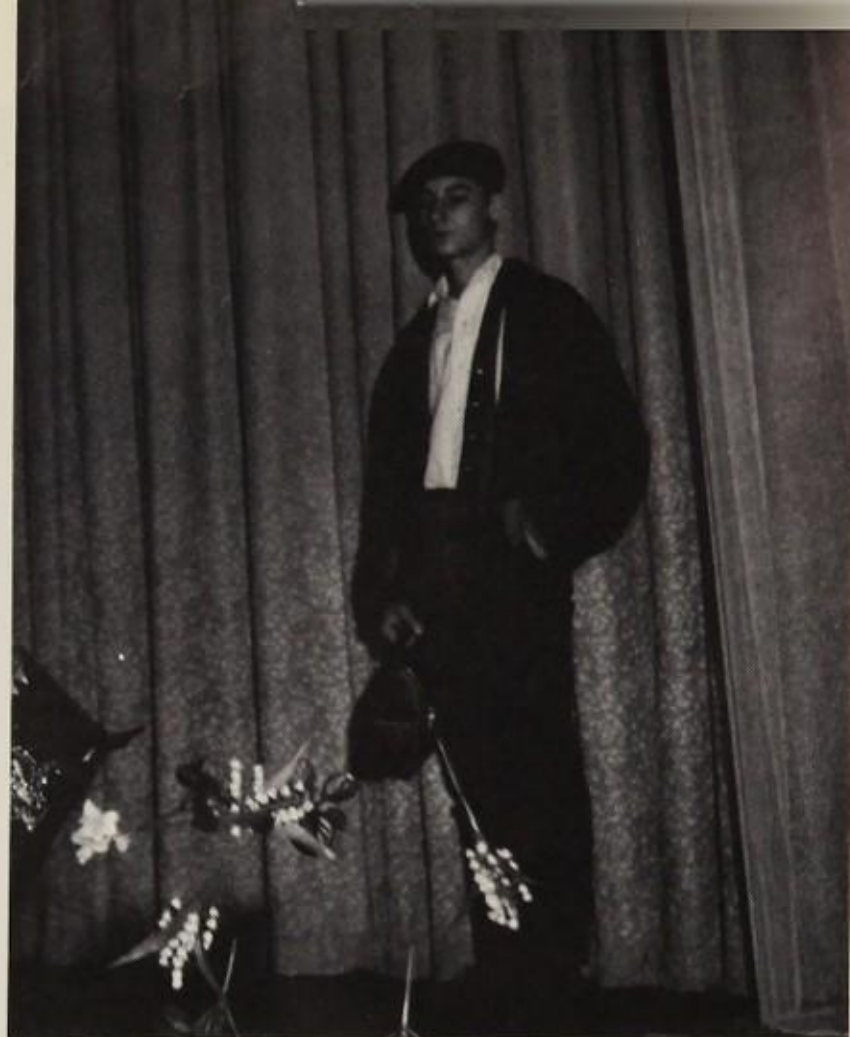

sports mean excitement,

a cheering crowd,

tense moments, silence,

then screams harsh and loud.

music and drama bring

hopes that we're good,

we occasionally practice

less than we should.

activities shared with

Mr. Edwin J. Flegal, Superintendent

As you enter a new phase of your life, you are to be congratulated for having successfully passed the first hurdle. In the years to come there will be many more hurdles; each one seemingly higher and farther apart. Meet them with courage. Although you may kick the top of one or even knock it over completely, don't let it "throw" you. Even breaking stride should not keep you from your ultimate goal of becoming a first-class citizen in this ever-changing world. You have the qualities you need to do this, or you would not have succeeded this far.

The knowledge and training you received, the virtues and attitudes you developed and the excellent guidance you were given in all fields will bolster you and give you confidence and courage to meet future challenges.

When you cross the finish line, someone may have broken the tape before you, but do not be discouraged. Each race you run, when run honestly and fairly, will help you to run a better race the next time. Eventually you will be a winner, because we, the staff of the Sharpsville Joint Schools, know you will do your duty.

Edwin J. Flegal
Superintendent

Mrs. June Freedle

Mrs. Ethyl Hamburg

Mrs. Marie McKinley

To the Senior Class of 1964:

I have enjoyed working with you these past three years. All too soon we suddenly realize that graduation time is here.

Do not assume that your education is finished, for this is just the beginning.

Some of you will further your education by going on to college or specializing in some technical area of your choice. Others will start to work at various jobs immediately following graduation.

I have a very keen interest in this class and hope that we, the faculty, have helped to prepare you for your place as a good citizen. May you always look back to your high school days as a challenging and pleasant experience.

Wishing you the very best for the future, I remain —

Keeping the school neat and clean and in good repair is the job of the custodians and maintenance workers. The custodians, working in the evenings, do a good job of cleaning the classrooms after a busy school day. Replacing lightbulbs and fixing window blinds are only two examples of the many jobs the maintenance men and women do in the building to keep the school running smoothly.

The cafeteria workers provide the students with good, well-balanced lunches every day. Cooking for so many people is a difficult task, but these ladies meet the challenge well.

ACADEMIC

Class recitation and discussion are all part of junior English.

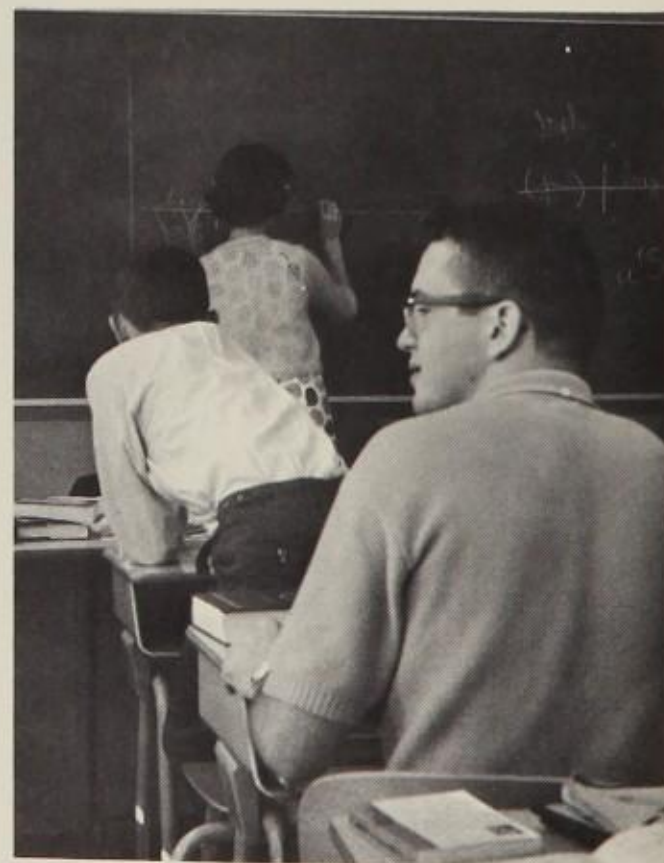

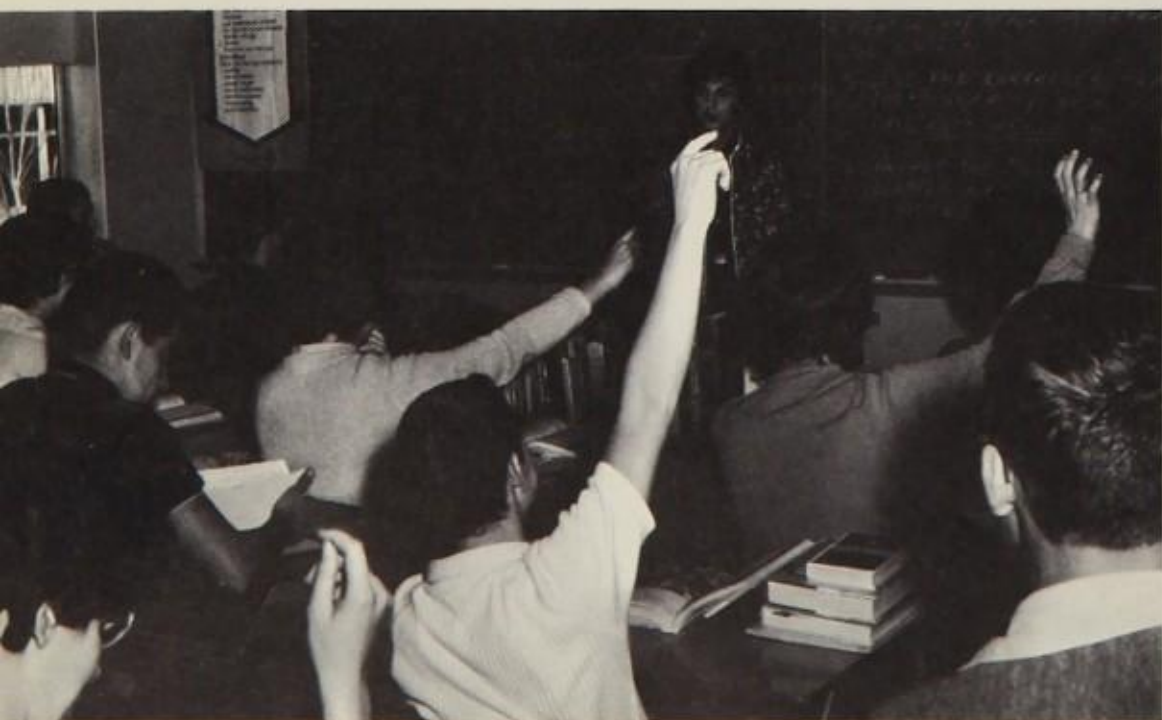

A world of words reacted from Macbeth.

The ancient poets said "English is a world of words which are but winged creatures of the air carrying their precious message from mind to mind." Words are gathered and grouped to form the beauty of literature. While the study of words, grammar, and literature seems like a difficult task, if we were to imagine it as material by which to build a treasure house of knowledge and adventure, how fascinating that could be.

ENGLISH BROADENS OUR UNDERSTANDING

Journalism teaches some of the most basic principles of our English language.

Diagraming is part of the general review as seniors prepare for college.

HISTORY BRINGS THE PAST TO LIGHT AND THE PRESENT TO REALITY

Sophomore History gives a preview of the world around us.

Mr. Liburdi lectures as avid students listen.

Equipment, such as maps, is an asset to our History classes.

"First by word of mouth, then in writing, man passes on the deeds of his day, for the education and enjoyment of posterity."

As sophomores we acquire a knowledge pertaining to the history of the world around us and as we journey into our junior year we find ourselves engulfed by American presidents, politicians, philosophers, and business tycoons. Laws, economics, social customs, and the principals of our democratic country brings our final year of high school education in history to a conclusion.

Principles of Economics and Problems of Democracy are taught to senior students.

EXPLORE THE UNIVERSE AND NATURE'S WONDERS

Since the birth of experimental science in the sixteenth century, men have continually been applying scientific methods in wider and wider fields of inquiry. We, too, at Sharpsville Joint High School apply scientific methods during experiments in our Biology, Physics, and Chemistry classes.

SHS chemists apply scientific methods to their experiments.

Curiosity is quelled through experiments in the Biology Department.

THROUGH SCIENCE

Physic students learn the physical properties of matter.

A BETTER CONCEPT OF OUR WORLD IF PERCEIVED THROUGH MATHEMATICS

In Algebra II we begin to understand more easily the problems involving equations.

There's more to mathematics than just learning skills necessary to solve equations. Algebra gives training in the ability to learn, understand, and apply rules quickly and accurately. Geometry places emphasis on thinking clearly, logically, and in an orderly manner. In general math we acquire the necessary fundamentals of basic math.

All of these classes in mathematics sharpen the mind of today to build a better tomorrow.

Mrs. Robins' Plane Geometry students use Pythagorous' theorem throughout the year.

The basic principles of mathematics often stump the advanced trig students.

Senior Math students review the main points of mathematics.

Languages make it possible for us to converse with other individuals.

Silas Marner and Julius Caesar add to the literary knowledge of the English II student.

Foreign languages are influenced by our native language. Babies babbling develops into speaking habits, thus, language is the result of sounds made systematically. As students we are able to learn to speak the additional languages taught at Sharpville Joint High School including Latin, German, and Spanish.

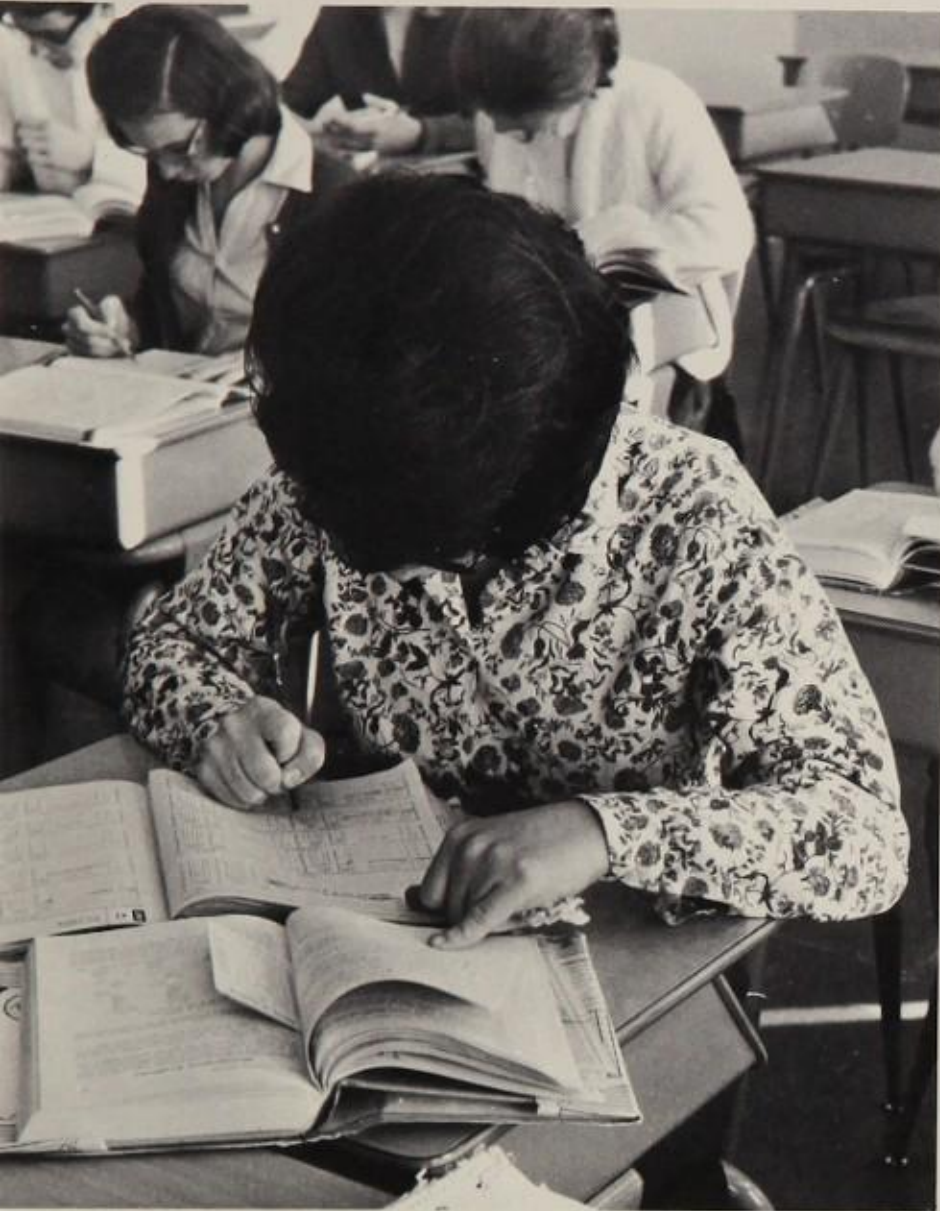

THROUGH LANGUAGES WE ARE ABLE TO UNDERSTAND OTHER PEOPLE

German culture is taught along with the language.

Gods and goddesses are the main interest of Latin students.

COMMERCIAL STUDENTS

Bookkeeping students learn debits and credits.

Many hours of practice go into developing typing skills.

PREPARE FOR FUTURE JOBS

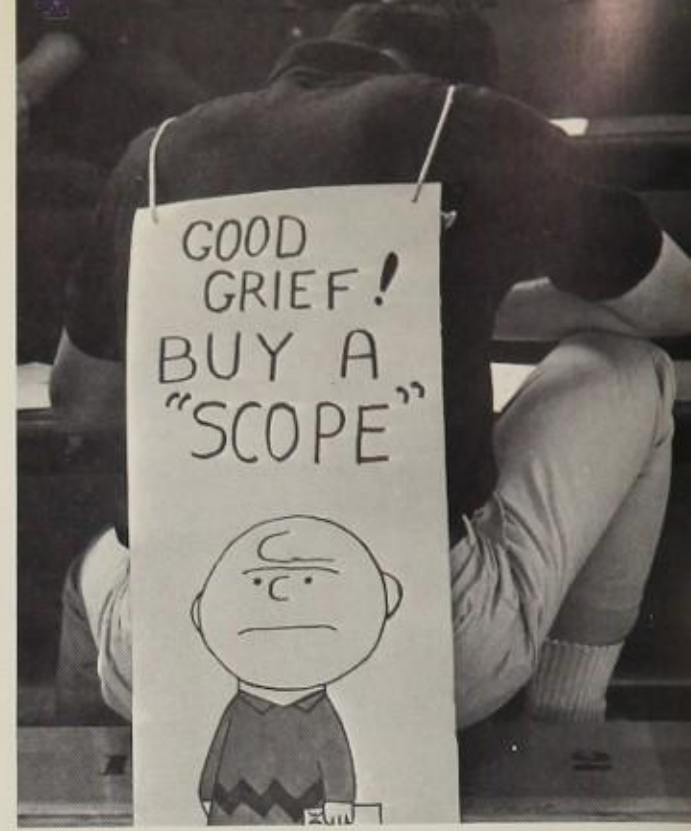

Clerical students work diligently to accomplish skills in using office machines.

Typing, Shorthand and dictation are only a few of the many skills which commercial students must perfect. Under the instruction of our three commercial teachers, these students work diligently, acquiring knowledge that will be important to them in their individual careers.

Sales talks are given by all speech students.

"Did you buy yours?"

"POINT OF ORDER" AND "CROP THAT PIX" ARE COMMON PHRASES USED BY SPEECH AND JOURNALISM STUDENTS

Excitement runs wild and hearts beat faster as members of Journalism II await the final proof of their work.

Teachers and students alike often wonder what goes on "behind those doors." Out of 205 and 207, the talents of journalistically inclined students take shape in the form of the Devil's Log, the Blue and White, and the SHS Scope, as they aim to present to the student body and faculty, a picture of Sharp-

ville High School life. Meanwhile Journalism I people are learning the fundamentals of newspaper and yearbook production as they anticipate taking over the jobs their older "brothers and sisters" now hold.

Parliamentary procedure, mock TV commercials, and Christmas storytelling are but a part of the activities concerning speech classes in our school. No matter what transpires, one can usually hear Mrs. Jean Louden's illustrious voice ringing, "I can't hear you!"

Journalism students work to achieve an informative publications system.

Cleanliness is learned along with woodworking.

HOME ECONOMICS AND SHOP STUDENTS DEVELOP SKILLFUL HANDS IN SEWING AND WOODWORKING

Basic skills of thrift and homemaking are learned by girls in home economics.

ART AND DRIVERS ED. ARE POPULAR ELECTIVES AMONG S.H.S. STUDENTS

Ceramics is one of the favorite projects of the art students.

Art is the skill of making or doing. In our art department students work with their hands to create many great works of printing, sculpturing, and molding.

Various projects are finished through the year and put on display.

Driving an automobile safely requires skill, experience, and proper training. Students taught by M. Muth learn the proper ways to become safe drivers by classroom study and also actual driving practice.

Mr. Muth explains the techniques of careful driving.

Volleyball is also played during boys' physical education classes.

Physical activities and sports of all kinds are designed to improve posture, physical development, and general fitness and health. Our physical education courses include such activities as basketball, modern dancing, volleyball, archery, softball, tumbling, and wrestling. Mrs. Stoner and Mr. Curtis also teach health and safety, including the principles of hygiene, nutrition, and general physical care.

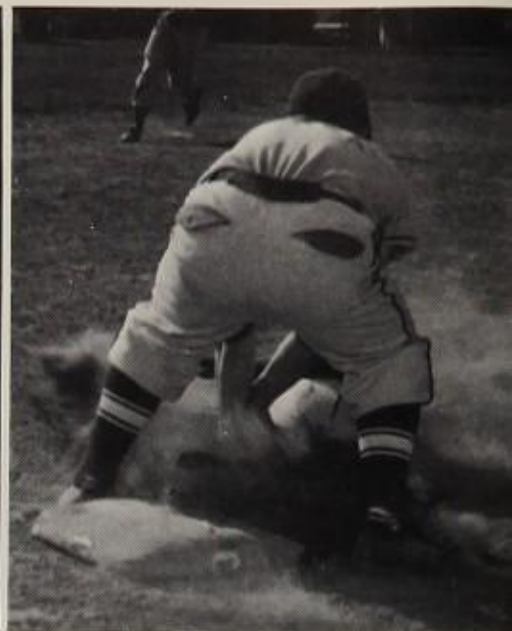

PHYSICAL EDUCATION DEVELOPS SOUND MINDS AND BODIES

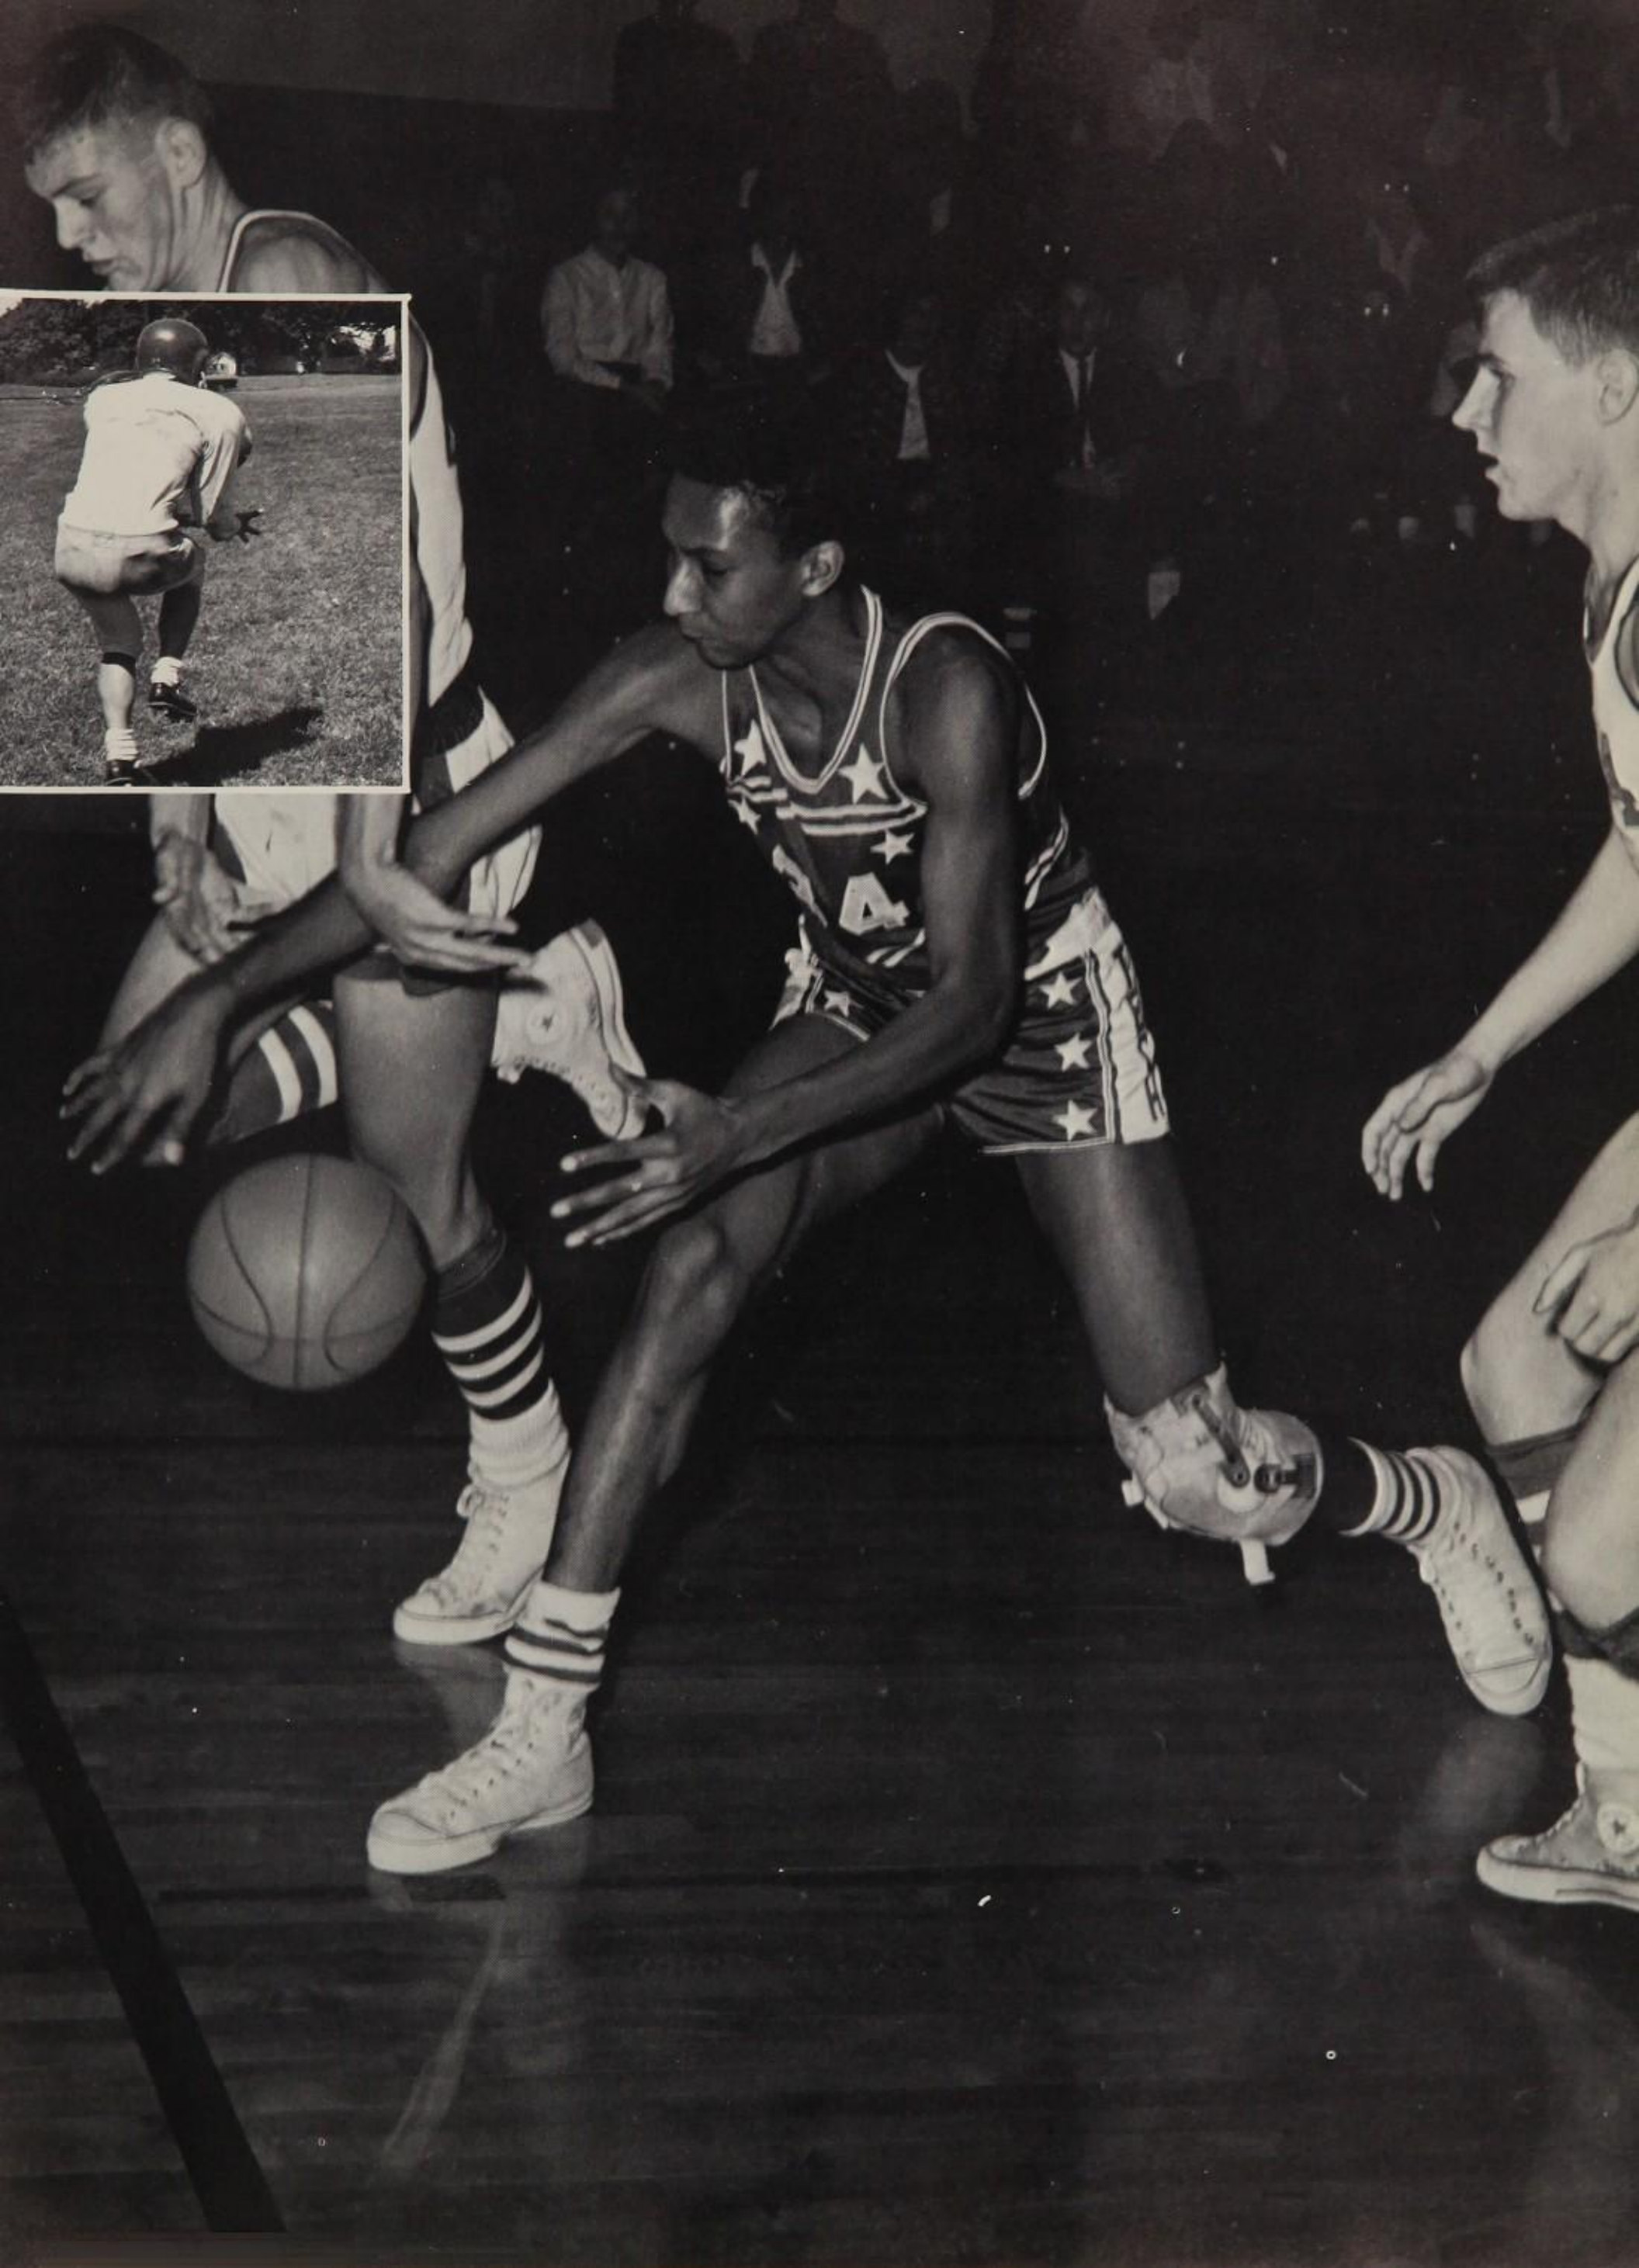

Health students head discussion pertaining to nutrition, hygiene, and general physical care.

Volleyball is one of the many games played in gym classes throughout the year.

GRIDIRON DEVILS

Crash right through the line! As the boys began to ready themselves for the fall season they took on this motto. Our men practiced through stifling temperatures, rain, and under the leadership of our coaches they became true champions. Mr. Lally and Mr. Li-burdi enforced their coach desire and soon the name Sharpsville Blue Devils was recognized by all.

"Kelly, here I come"

"As the dawn breaks over the horizon . . ."

PACE SETTERS DISPLAY

Sharpsville Joint High School Blue Devils practiced long hard hours and showed much spirit and fight, despite the lack of height among the boys. Mr. Gergley's "boys" were disappointed many times but they proved they had intestinal fortitude. Dribbling, two-handed sets, and rebounding were among the fundamentals these boys practiced to perfect. The team showed aggressiveness and hustle, two qualities every team must have to become a winner. Although few games were won, score-wise, many games were won team-wise and the Blue Devil's spunk shined in every contest.

"Good rebound, Briar."

"It's a new technique."

"Move over, Briar's coming through."

Terry at the bat!!!

As Spring comes around the corner the atmosphere sings out "play ball" and that's exactly what the Sharpsville High Blue Devils did. America's favorite pastime is well represented at Sharpsville High School. Coach Sam Liburdi was met by a large turnout this year. After two weeks of practice the team was down to 24 members. The Blue Devils had a good season as in the past. They started by dropping the first three games, but came on strong to finish with a fine 11-5 record.

With the professional assistance of Mr. Robert Curtis, the Rifle Club of Sharpsville Joint High School has come a long way since its organization two years ago. Their purpose is to compete with other schools and gain closer ties with them.

HIGHLIGHT THE SPRING SEASON

FIRST ROW l-r S. Costello, L. Myers, *SECOND ROW* R. Patterson, C. Eberhart, M. Garnack, *THIRD ROW* G. Bertolasio, D. Kroko, J. Zahniser.

Under the expert coaching of Mr. Michael Alexander, the Golf Team of Sharpsville High School has shaped into a well trained group of boys. Golf, which is a considerably new sport, attracts more and more students every year.

FIRST ROW l-r S. Perfilio, D. Scott, *SECOND ROW* J. Stanton, R. Rossi, *THIRD ROW* B. Schell, F. Legters, K. Dunlavey.

BOWLING

The Intramural Bowling League, under the supervision of Mr. Alfred White, meets every Thursday after school at the Sharpville Lanes. During the first few weeks of bowling the bowlers seek to achieve high averages. Then teams are organized and competition for trophies begins.

PEP CLUB

Perhaps one of the largest organizations in the school is the Pep Club. Organized by the cheerleaders, and directed by Mrs. Margaret Cole, this club plays a significant part in school activities. Learning cheers, attending games and exhibiting school vigor are a few of the aims of this club.

FIRST ROW l-r G. Diefenderfer, R. Peterson, L. Pompa, J. Costello, M. DeAngelis, S. Perfilio, H. Dalata, P. Rosa, G. DelFratte, J. Velky, B. Timmerman, T. Hougelman, T. Auchter, P. Michaels, G. WRESTLING

This year in Sharpsville High School, the intramural wrestling teams are under the supervision of Mr. Robert Curtis. The purpose of this program is to interest the boys in the sport of wrestling. The sport will teach the boys physical coordination and give them a better understanding of the fundamentals of wrestling.

LEADERS

Aiding the Physical Education Department, the Leaders have been invaluable to Mrs. Stoner, their advisor. These girls demonstrate tumbling to their classmates, lead them in exercises and games, and help take attendance. Senior Leaders, after three years of belonging to the club, receive blazers. The Leaders are chosen by Mrs. Stoner and, through the Leaders Club, learn the importance of physical fitness and exercise.

GIRLS EXCEL IN ATHLETICS

"You'll have to jump higher, girls."

Miss Patricia Gilliland, coach, J. Zachick, S. Hazi, scorekeepers, Miss Rozella Heilman, coach, C. Nelson, managers.

This year the Blue Darlings have practiced long, hard hours; sometimes learning new plays, but most of the time putting their hearts into playing good games and acquiring an atmosphere of good sportsmanship. These spirited girls under the direction of Miss Rozella Heilman and Miss Patricia Gilliland, have earned the respect and admiration of other teams. They play their games on Monday evenings at the Girls' Buhl Club competing against six other teams.

VARSITY S

Earning a letter in a varsity sport enables an athlete to become a member of the Varsity S. An important highlight is the day long initiation which precedes the membership of all new athletes. Following the initiation program is a dinner to formally present the new members. Varsity S is the oldest organization of its kind in the United States.

One of the most prevalent sights throughout the athletic season is the presence of our peppy cheerleaders at games. For several weeks before the forthcoming school year the Varsity and Junior Varsity Cheerleaders, under the supervision of Mrs. Margaret Cole, put much effort into daily practice sessions.

These sparkling girls lead the student body in cheers during pep rallies and assemblies held at various times throughout the year.

Of the numerous duties of the cheerleaders, the most outstanding of the season is the preparation for the Homecoming pep rally.

*SPIRITED BAND WELL-
FOR PITT BAND DAY*

DRESSED IN NEW UNIFORMS

PERFORMANCE

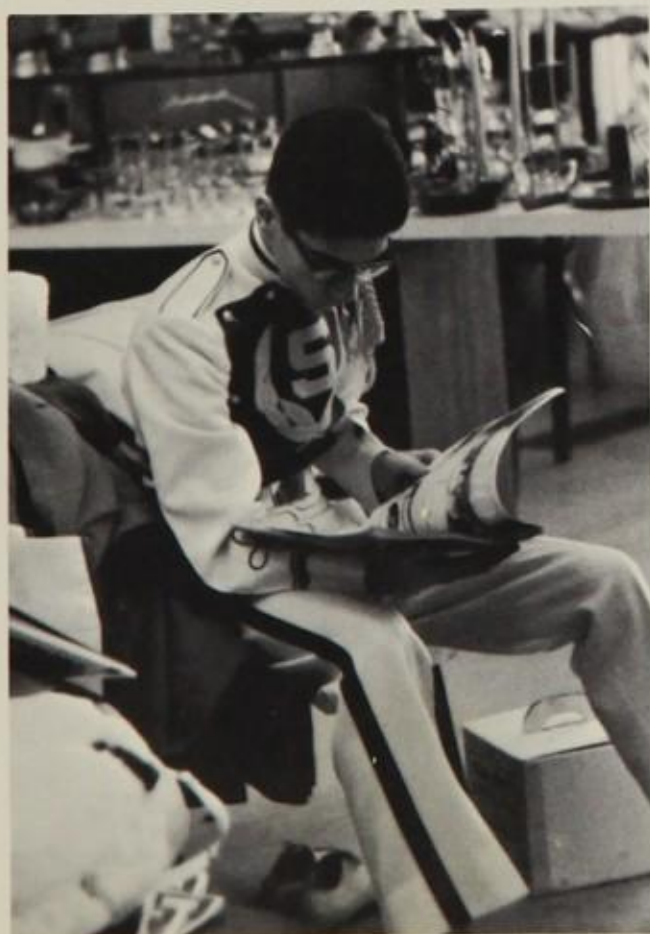

"Let there be music . . .!" After the close of a very busy football season, the Sharpsville Blue Devil Band members worked hard to put on their annual Spring Concert. The band had many other important dates. They participated in the Halloween Parade, Veteran's Day Parade, and the Memorial Day Parade.

Along with the band, the orchestra, pep band, and brass choir added their musical talents to the entertainment of the students at pep rallies and assemblies.

Pitt Band Day was the highlight of the football season for the seventy-two member band. They were among seventeen-hundred other bandmen, majorettes, and color guards who appeared at Pitt Stadium for pre-game and half time during the football game between the Pitt "Panthers" and the Washington "Huskies."

One look indicates that our spirited band was very well dressed this year, for they received their new uniforms. The West Point Shako (hat) is blue with a silver sunburst emblem on the front. The hat is accented by a white, five inch plume, and a white chin strap. A three button-notch lapel, blue coat with embroidery patch pocket makes up the blazer, that is used for concert band. For marching season a dicky with tails and white belt is used to cover the blazer. The slacks are blue with a one inch pin stripe up the side. The majorettes and drum major received white uniforms, with blue and gold braid trim. Their hats are white flax fur with braid trim.

The underclassmen will look forward to returning in August to begin two weeks of early rehearsal. The senior's are glad its over, but will miss all the fun and excitement of their past three years.

MANY WORK TOGETHER TO ACHIEVE SUCCESSFUL MARCHING SEASON

David Hazi

Directing the Sharpsville Blue Devil Band this past year was Mr. Richard D. Smith. Aiding him during marching season was David Hazi, a sophomore, the new drum major. Up front the four color guards, and eight majorettes, led the Blue Devil Band successfully throughout marching season. Behind the scenes were Tim Johnson and Melanie Kvocak, announcers, and Mary Lynne Davis, the band manager.

VOCAL TALENT PLENTIFUL FOR S.H.S.

"Do, do, do, la, la, ummm!" These are various sounds heard coming from the music room each week made by the concert choir. The choir studied various types of concert music and choral techniques throughout the year.

The choir made good use of all the music they memorized by performing at many concerts. Their first performance was the Christmas concert, presented to the public. After Christmas the choir began to learn new music for their annual spring concert and assemblies.

Branching from the concert choir are the Girls' Octet, the Boys' Glee Club, and the Show Choir. The members of the octet are chosen by tryouts, as the members of the choir are. Glee Club consists of any boy from the concert choir who wishes to join. Show Choir is an experimental group of twenty singers chosen by Mr. James Stewart, director. The group sings show tunes, spirituals, and folk tunes.

It is always a busy time for the eighty member choir, but most gratifying and enjoyable.

George Bernard Shaw's "Pygmalion" came to life as the junior class of '63 displayed their dramatic talents on the SHS stage.

The play concerns Professor Henry Higgins who originates a fantastic plan to transform Eliza Doolittle, a shabby girl from the gutter, into a lovely, sophisticated lady. Colonel Pickering, a pompous, elderly, gentleman, bet Higgins that he could not complete his plan of passing this flower girl off as a princess at the ball.

As time passes, Professor Higgins teaches Eliza all the refinements of a noble lady and realizes that he cares a great deal for this girl although he will not show it.

At the ball she is very successful, and the people believe she is a princess from some foreign country.

As the performance draws to a close, Higgins and Eliza engage in a very heated argument. At this time Eliza reveals that she has no intentions of remaining with Higgins but will marry Freddy Hill.

Being rehabilitated by the United States of America sounded very pleasant to the small Duchy of Grand Fenwick. San Rafael, California had stolen its wine export and assuming they would lose, the Duchy declared war against the United States.

Tully Bascom, leading the gallant bowmen, landed in the center of New York City. There they captured their first prisoners of war, the outraged General Snippet and his two young army daughters.

Upon capturing Professor Kokintz they took into their possession the world's most powerful weapon, the "Q" bomb.

The army returned home victorious, but did not fulfill the purpose of the mission. While discussing what to do with the bomb, Benter and Mountjoy decided that Duchess Gloriana should wed Tully Bascom.

In the meantime Kokintz got to the bomb and disarmed it. Tully, not knowing this, made plans for it. He concluded that any country who caused trouble would have the "Q" bomb delivered within its border, where he would strike it with his mace.

When Tully revealed his plan, Kokintz said he was not successful with disarming it because he liked Tully's idea of using the Duchy as a peace maker.

At this time Gloriana announced her forthcoming marriage to Tully Bascom.

All turned out well and the Duchy lived on to grow and prosper in her new found wealth.

"Tully Bascom, Esquire."

"Look at all those castles."

HONOR SOCIETY ACKNOWLEDGES OUTSTANDING STUDENTS

To be eligible for the National Honor Society, a student must have a 90% average for each of the two years he has been in high school. Students are inducted into the society at the end of their junior year and after the first semester of their senior year. New members must also be voted upon by members of the society, teachers, and approved by the principal. Under the guidance of Mrs. Natalie Muia, the National Honor Society has had a bake sale and a demonstration to raise money for their projects.

The Honor Society was organized to recognize the outstanding students who possess the qualities of scholarship, leadership, character, and service.

This year, for the first time at Sharpville, a Science Honors Program was organized. The students in this class are interested in advanced work in physics and chemistry which will be helpful to them in college. Each Thursday evening for twenty-eight weeks Mr. Orvis Anderson instructed these twenty-one students in classwork and lab sessions. The Honors Program enables the teacher to do advanced work with the better students and have more time to do longer and more complicated experiments that are impossible to do in a regular lab session during the school day.

STUDENT COUNCIL ORGANIZES AFS CHAPTER

Under the guidance of Miss Lucy Curcio, the Student Council represents the student body in affairs of the school policy. The most important project of the year was organizing a chapter of the American Field Service to acquire a foreign exchange student at Sharpville High for the 1964-65 school term. The Student Council was responsible for the return of the trays in the cafeteria; and honor permits were issued to the students through the Council's eliminating the need for individual excuses. Monitors chosen by the Council are on duty to keep order in the halls. A Christmas dance was sponsored by the club and sweatshirts bearing the name and crest of the school were sold.

High qualities of character, personality, scholarship, and leadership essential to a good teacher are the necessary traits needed to become a member of the Future Teachers of America. These students, with the desire to become more familiarized with the teaching career and its requirements are reviewed twice annually on their scholastic and citizenship standing. Senior members get a "taste of teaching" each semester through observations of various departments of the school system.

Spanish Club Officers: President, John Scharba; Representative, Melanie Kvocak; Secretary-Treasurer, Deana Smith; Vice President, Dorothy Hancock.

Spanish students may further their conversational ability through membership in the Spanish Club. Their study of the cultures and customs of the Spanish people centers particularly around the Latin American countries. In addition, the club members play games, sing songs, put on one-act Spanish plays, as well as participate in audio-oral experiences through tapes and records.

George Malsom, Gerry Zahinser, Ron Diurba, and Mr. Orvis Anderson, Advisor.

"Set that projector up in room 209." This phrase is often made throughout the school year by members of the projectionists crew. Mr. Anderson and "his boys" take full charge of the operation and management of stage equipment and also audio-visual equipment.

LIBRARY AIDS

The nine girls assisting Mrs. McKinley as office aids have various duties including running errands, finding students, answering the phone, and distributing the absentee lists. These girls are a great asset to our school and the numerous jobs they do are a great help to Mrs. McKinley.

Working to keep the library in order are efficient

library aids. Under the direction of Miss Ruth Stewart, librarian, the girls are taught how to sufficiently run a library. Among the duties are checking books, collecting overdue books, and seeing that the library is kept clean and neat. They are chosen at the beginning of the year and any student having a study hall and desiring to work is eligible.

FIRST ROW l-r: K. Elder, assistant librarian; M. Kasmar, D. Knappenberger, S. Papay, J. Bonaquist, R. Johnson, P. Joyner, K. Borko, L. Pompa. *SECOND ROW*: M. English,

IN MEMORIA

Alan Dolan would have been a senior if it hadn't been for his most tragic accident June 20, 1963 which resulted in his death on the 26th of that same month.

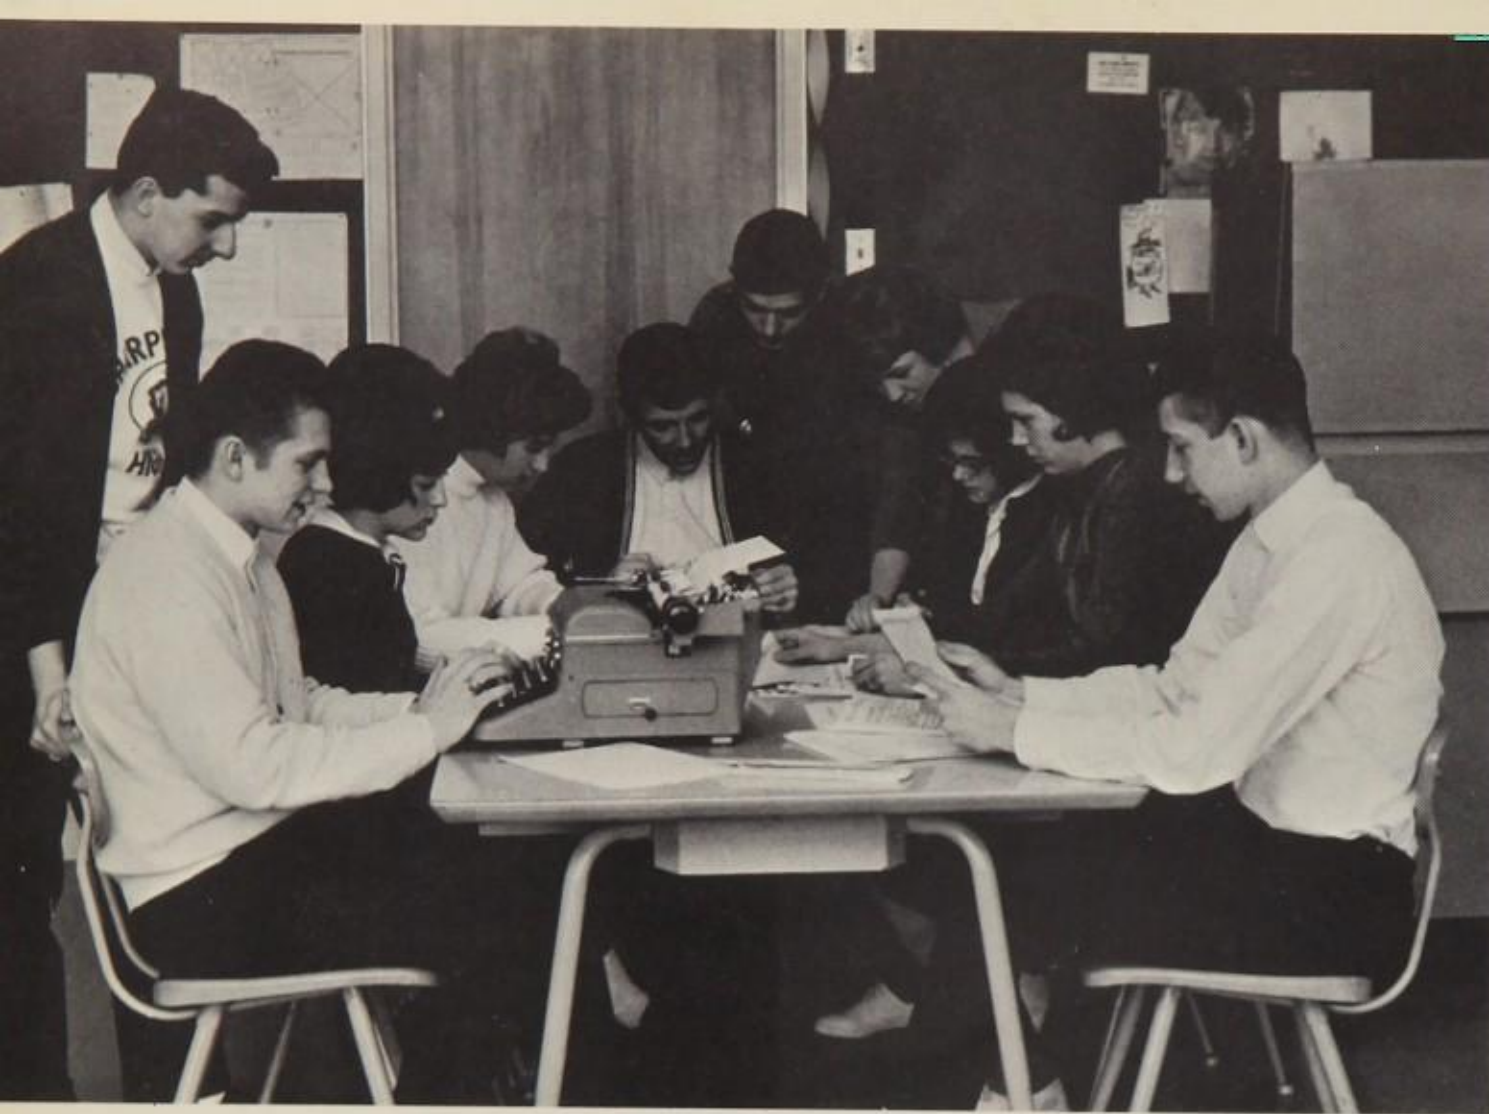

He lived with his mother, Mrs. Dolores Dolan, and his sister Barbara at 150 Mercer Avenue.

Alan loved many things such as guns, dogs, hunting, and cars, but most of all he showed his love for his mother and his sister.

He was a well-liked person with a great potential. Alan had many friends and was well-liked in many groups.

In the last few years of his life, Alan's responsibilities were great, for he had been the man of the house since his father's death.

The halls of Sharpsville High School were empty without his shining face. The seniors who lost a great classmate will be the ones who will never forget him.

JOURNALISM CREATES AN AWARENESS OF THE "POWER OF THE PRESS"

This year the Scope published four-page issues giving the staff a chance to do a more interesting and "newsy" paper. The staff is also responsible for a one page paper, the Blue and White, published in the Sharon Herald each month. Preparing both publications kept the students busy developing a sensitive "nose for news."

The yearbook staff has worked since spring preparing the Devil's Log for 1964. Moods and Emotions is the theme of the book and a new technique

of "fluid layout" has been used throughout the book. With this method of arranging pictures and copy, a "mosaic" look is created rather than the "symmetrical" look.

The business staff has many jobs throughout the year such as being in charge at the concession stand, selling yearbook subscriptions, and making all other financial arrangements. This staff is also responsible for ideas in prompting sales of the yearbook and the Scope.

*we are constantly changing,
and shifting and growing,
our moods are ever turning
and flowing,
we have worked and studied,
and followed new trends,
but, finally now, another year ends.*

Sail,
 Is a great up-
 Chairman, Luck in
 all you do.
 Made

I have been thinking of you
 and wondering how you are
 getting on. I hope you are
 well and happy. I have been
 very busy lately, but I have
 managed to find some time
 to write to you. I have been
 thinking of you and wondering
 how you are getting on. I
 hope you are well and happy.
 I have been very busy lately,
 but I have managed to find
 some time to write to you.

Gayle,
A real
fine, majorette,
Good luck in
all your ever
attempt. God Bless
you always.
